Appointment.
Post War Reconstruction.
Executive Engineer on special duty to investigate major Irrigation schemes for ---
Orders regarding-

GOVERNMENT OF BOMBAY.
Public Works Department,
Resolution No.6717/36.

Bombay Castle, 20th January 1944.

Government has decided to undertake the investigation of major irrigation schemes in this Province which may be undertaken as a part of the Post War Reconstruction Programme, and to create a temporary post of an Executive Engineer, in the B.S.E., Class I, with Headquarters at Poona, to investigate such schemes.

2. The Governor of Bombay is pleased to appoint Rao Saheb D. A. Gadkari, B.E., A. M. Inst. C.E., B.S.E., Assistant Engineer, to the temporary post of Executive Engineer, created in paragraph 1 above, with immediate effect, for a period of one year in the first instance. His duties are indicated in the accompanying note.

3. For administrative purposes the officer on special duty will be under the control of the Superintending Engineer, Deccan Irrigation Circle. With the knowledge of the Superintending Engineer he should keep direct contact with the Secretariat to keep that office in close touch with the state of investigation and to avoid normal delays.

4. Details proposals for the staff required by him ould be submitted by the Executive Engineer on special ty through the Superintending Engineer, Deccan Irriga- on Circle, as soon as possible.

5. Orders regarding the Travelling Allowance of the utive Engineer and his staff will issue hereafter.

By order of the Governor of Bombay,
(C.G.KALE), (Sd.).....
21/2/44
Deputy Secretary to Government

To

Rao Saheb D. A. Gadkari, B.E., A.M.Inst. C.E., B.S.E., Assistant Engineer.

No. of 1944.

Copy forwarded for information and guidance to

VR.20/1.

Accompaniment to Government Resolution, Public Works Department No.6717/36, dated the 20th January 1944.

Note showing the duties to be performed by the Executive Engineer on special duty.

The Executive Engineer will investigate major irrigation schemes already reported upon as shown in the margin* and work out proposals for the adoption of a few of them with such modifications in details as may be called for in keeping with modern ideas on irrigation. He should also work out details of the cost of the irrigation schemes and the approximate return on those he recommends to Government. His immediate task will be to examine such irrigation schemes as he will be able to discuss at the conference to be held on the 31st January 1944 with the knowledge that he will be able to put them up with rough estimates to the Government of India by the 31st March 1944.

* 1. The Mula (Nagar)
2. The Kukadi (Ghod)
3. The Girna Scheme
4. The Bhima
5. The Dhom

2. The work to be done by him will be extended hereafter as may be found to be necessary.
